Hi Saraliene-

We scoured our files and, unfortunately, we were unable to locate any records relating to Mr. Pendergrass. As you may know, we did not prosecute his case. However, we believe that APD may, in fact, have some relevant records. The best contact is likely Sergeant Paul Cooper from their Major Fraud Unit. His contact info is as follows>>:

I am sorry I couldn't be more helpful.

Dear Ms. Smith,

With regard to the above-referenced subpoena, I regret to inform you that this office is not in possession of any records responsive to same. This case is mistakenly listed as "open" in the court's online case management system "Odyssey". We filed a Decline form with the court clerk yesterday to have that corrected to show that the case is now closed.

Good evening, Ms. Durrett

On behalf of the City of Atlanta, please accept my apology for the delay in the City's compliance with this subpoena.

I have followed up with APD and have been advised that they are working to secure the return of hard copy file they provided to the US Attorney in this matter so that they may comply with the subpoena as instructed. They have advised that they provided the US Attorney with their only copy of this file. APD is working diligently to secure these documents and file them with the Court as instructed and this has been assigned top priority. I will update you as soon as I receive confirmation that this has been done.

Thank you for your continued understanding and patience.

Amber

Good afternoon Ms Durrett

I am in possession of the physical file in this matter, though it is my understanding that APD was unable to retrieve some of the emails requested due to the cyber attack.

Would you like to send someone here to retrieve it to reduce time or would you prefer us to file it with the court as previously instructed?

Again I apologize for the issues you have encountered in regards to this production.

Thank you

Amber
